

# HADDAD'S WEST PEORIA MARKET

## *City Wide Home Delivery Service*

A complete guide to our home delivery service.

Date 5/5/08– Prices May Change Without Notice

## *Introduction*

First allow me to say thank you for your interest in our home delivery service.

We are a small store in the current world of big box retailers, but our small size allows us to give you better service and better quality. Attention to detail and a willingness to accommodate your needs are two of our primary goals. Our high standards for quality starts with the high standards we set for our employees. We expect them to treat every situation with the utmost professionalism whether it would be making a simple ham sandwich or mopping the backroom, they take pride in doing things right. That is why you can expect that you will receive the freshest quality products and service we have to offer.

We started this program in 2001 as a way to better serve the growing number of seniors in our community. Since the beginning this program has been a huge success. This success allowed us in 2004 to buy a new full size delivery van and expand our service city wide. We now delivery weekly to Peoria, Pekin, Hanna City, East Peoria, Dunlap, and all the places in between.

We are a full service grocery store with grocery, dairy, frozen food, general merchandise, bakery, deli, meat, and produce departments. In our store, the deli makes everything fresh daily, as does our in store bakery. We also have a full time chef in our deli that creates some wonderful entrée dinners for you to enjoy. Our butchers cut only choice or better beef and cut our chickens fresh daily. We receive fresh produce 3 times a week to ensure we have only the freshest products to offer.

Like I said before being small has some great advantages from making our products fresh daily to serving you the customer better. I hope you consider using our home delivery service.

Mark Wrhel

Owner

Haddad's West Peoria Market

### *How does the service work?*

We are able to take orders Monday thru Wednesday from 8:30 a.m. to 5:00 p.m. We deliver groceries Tuesday thru Thursday starting at 10:00 a.m. A 24-hour notice is required for delivery of an order. An example of this would be an order placed on Monday could be delivered on Tuesday at the earliest. As always you can tell us a time and day you would like your order, otherwise we will assume the next day. To place an order, simply call the home delivery line at the store 674-0171, and someone will direct you accordingly. .

Due to the time involved in taking, placing, and delivering an order, a nominal service charge of \$9.00 will be added to any order inside of West Peoria. Orders delivered in the city of Peoria run \$12.00. Cities outside of Peoria will be charged \$15.00, a few examples of these are Dunlap, Hanna City, and East Peoria.

We ask that you try to order a minimum of \$30.00 dollars in groceries. This is simply a number to come close to; this allows us to refuse an order for a gallon of milk or a loaf of bread.

The delivery person will not be carrying cash. Checks are the preferred method of payment. Please tell the person on the phone what your method of payment will be. If cash is your only option, I'm sure that something can be worked out. Illinois Link , Visa, or MasterCard credit cards can also be used.

## *Delivery Hotline*

# *674-0171*

## *What happens after I place my order?*

After your order is placed, it is taken to the personal shopper. There is only one person that picks your grocery order every week, this helps limit confusion on what it is you are ordering. Any items you order from our perishable departments are noted and turned over to the different department heads. A produce manager will select your produce, your meat will be cut fresh by the meat cutter the morning of your delivery, and your deli order will be filled immediately before delivery. You have our personal guarantee that your order will be filled with nothing but the freshest products we have to offer.

## *How do our prices compare?*

Our customers find that our prices are very competitive with other big box retailers. Our delivery customers pay the same price for their items as the customers that walk through our door. We also delivery the following weeks ad flyer each week to delivery customers with their orders. You can also be added to our mailing list to receive our ad flyer mailed to you if you do not receive an order weekly. This allows our delivery customer enjoy the same great deals as do our in store customers.

## *Who are the people running this service?*

With any service where people come into your home, people need to feel comfortable with them. Seniors are especially concerned with who comes and goes. This is why Haddad's delivery service is a senior run program "run by seniors for seniors" as we like to say.

Norma-"The order coordinator"

This young at heart lady has been with us since the beginning. Norma is the friendly voice many of our customers have come to know on the phone over the years. Norma is a customer of the market that took an early interest in the service and volunteered to join on taking orders. She is a very detail oriented person that prides her self making sure you get exactly what you order.

Jack- "The delivery driver"

Jack has been with us since 2002. A customer of the market, Jack saw what we were doing and ask to be involved. He enjoys meeting people and helping them with there needs. A retired professional, preacher, and part-time comedian he is never at a loss for words. Rain or shine Jack delivers your groceries in a timely manner, making sure to meet your requested time and date. If you need any of your items opened, softener salt placed in the basement or anything else, Jack is glad to help.

*Others you may contact  
when calling are:*

Ann— “The personal shopper”

Ann picks your grocery orders and rings up the orders. She has been in the grocery business for over twenty years working as a checker and store manager here at Haddad's. She is precise in picking orders and is not afraid to ask questions or pick up the phone to clarify an item your are ordering. When not picking orders, she is the friendly voice that takes orders if Norma has already left for the day or is not in.

Mark -”The boss”

Mark is the owner and operator of Haddad's. The youngest of the crew, it was his vision of a need to better serve our senior customers, that brought about the delivery program here at Haddad's. Running the program himself for the first year, Mark learned first hand the needs of his delivery customers. One of the lessons learned was the need to find friendly and committed employees to serve our customers. They needed to be constant, not someone who would come and go from week to week.

Jim H. (produce), Jim R. (meat) Marilyn (Bakery) and Leeann (deli)- “the department heads”

With a combined grocery experience of over one hundred years the department heads have the know how to make sure you get the freshest highest quality products they have to offer. They are not your twenty something clerk, this group of managers have the experience to answer any question you may ask or fill any request you may need.

## *What do we have to offer?*

Haddad's carries a large selection of name brand and house brand grocery items, as well as general merchandise, magazines, and specialty items. We even have stamps.

Our deli department makes a large selection of salads and desserts as well as fresh lunchmeats and cheeses. Our full time chef makes a number of different entrees, which are really a nice home cooked meal ready to be reheated or frozen to enjoy later.

The rest of this packet will be centered around all the different items that the deli and bakery departments have to offer.

*Save this packet as it makes a handy guide or menu for ordering items from these departments.*

Something to note when reading further, not all items are made every week. The crew in the deli likes to keep a rotating variety of items in the deli case. When calling in an order, ask if an item you are requesting is available. The person taking your order will know, or it can be put on the list to be made fresh for you in the morning.
